

People of Surrey: Gray's Gelato Needs You!

Gray's Gelato is a company in Bookham that makes gelato and sorbet. Gelato is a posh type of Italian ice cream, while our sorbet has the texture of ice cream but without the milk, so that people who are vegan or lactose intolerant can eat it.

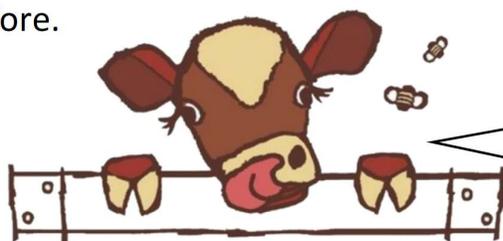

We are always thinking about what we should be making for people to enjoy, and this time we need your help. We're looking for either a Christmas 2020 or a Summer 2021 flavour that people will really love!

To enter, please draw and colour your new flavour in the bowl. Then, fill in the information to tell us what your flavour is called and what goes inside it (think of a base flavour and any ripple/chunks). Remember, although you can let your imagination run wild, the winning flavour will need to appeal to a lot of people and be viable for making at scale in a busy gelateria.

When you've filled in your flavour form, email it (just page 2 of this document) to hello@graysgelato.biz with "My Fantasy Flavour" in the subject line. Scans are best, but a high-quality photo will be ok if you don't have a scanner. You can enter multiple times if you like!

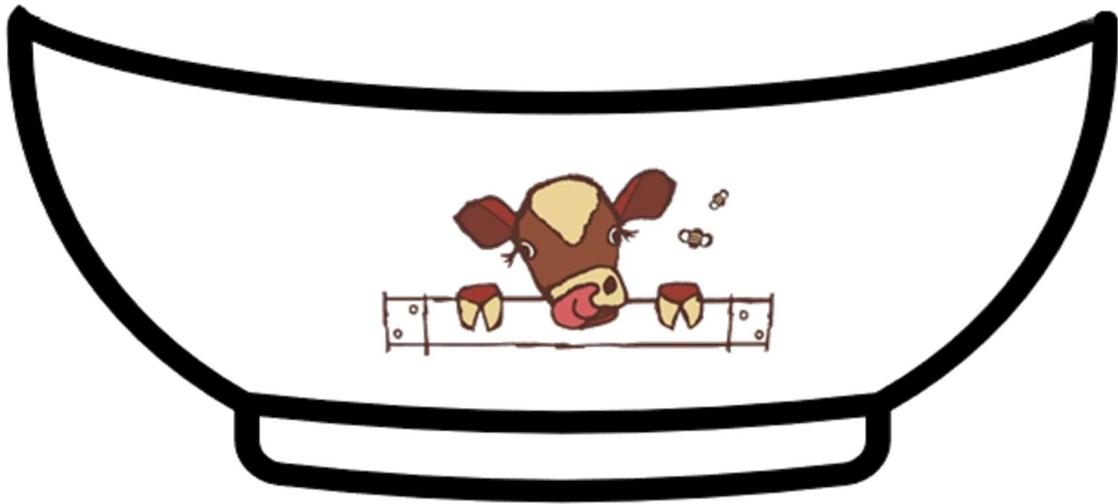

Make sure to get your entry in by **Sunday June 14th**, as this is when we will start judging. We will make a small taster batch of two or three of our top flavours. If your flavour is in this group, you'll get some of your design to try! Once the Gray's team have tasted the shortlist, one winner will be chosen.

Have fun everybody! For inspiration, you can visit our website at www.graysgelato.biz/ourflavours to see the sorts of flavours we have made before.

**GOOD
LUCK!**

My Fantasy Flavour!

The name of my flavour is: _____

My name is: _____

I am _____ years old (if under 18!) and my idea is for a gelato a sorbet or either

My recipe has a base flavour of _____ and these chunks/ripples:
